Ed Prettyman, CEO of Texas NeuroRehab Center elected President of the National Association of Long Term Hospitals

Austin, TX, November, 2020 – Texas NeuroRehab center is pleased to announce that its CEO Ed Prettyman, PsyD, has been elected President of the National Association of Long Term Hospitals (NALTH) by its members in NALTH's Annual Meeting on November 18, 2020. Dr. Prettyman will assume the position previously held by Lou Little, CEO of Sparrow Specialty Hospital. Dr. Prettyman previously served as NALTH's Vice President and Chair of the Governance Committee for two years. He has been a member of the Board of Directors for four years. Under Dr. Prettyman's leadership, Texas NeuroRehab Center has been an active member of NALTH for 10 years.

“This is a great honor and I am pleased to serve as the president of an organization that is committed to advocacy, education and research for LTCHs and their patients,” said Dr. Prettyman.

NALTH leads the industry in advancing the health, well-being and understanding of patients who require a prolonged hospital stay and specialized programs of care to achieve medical stability and maximum function. NALTH is the predominant organization devoted exclusively to the needs of patients who require services provided by long-term care hospitals (LTCHs). NALTH is committed to research, education and development of public policy that furthers the interests of the complex and very ill patients who receive services in LTCHs throughout the nation.

###
